## Elna 6005: the reflection of perfection

Your impeccable taste will reflect your individuality with the Elna 6005 computerized sewing machine. Gaze upon the complete stitch package, a diverse assortment of utility stitches, buttonholes, stretch stitches, satin stitches, quilting stitches, cross stitches, floral accents and delicate heirloom stitches. Transcend the world of images with the alphabets and monograms.

The computerization of the machine gives you increased confidence and comfort. Easy one-touch keys assist you every step of the way.

*Utopia can be found...with your Elna 6005.*

### Heirloom

In an era gone by, beautiful hemstitches were created only by hand. The Elna 6005 presents an incomparable variety of exquisite possibilities to recapture that genteel time. Add grace and refinement to your creations with these lovely hemstitches.

### Decorative stitches

Compose authentic, original designs with Elna's enticing stitch package or mirror image what top designers are showcasing.

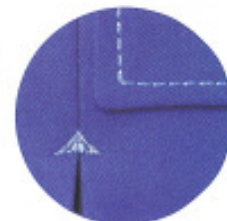

### 5 buttonhole styles easy one-step system

Choose one of our five elegant buttonhole styles as the perfect finishing touch. Simply place the button in the foot and the correct size is automatically sewn.

### Tailoring

Recreate a time-honored, classic look. Your personal satisfaction is assured, and Elna's 6005 stitch quality guarantees professional results.

### Quilting stitches

Patchwork! Free motion embroidery! Applique! The Elna 6005 offers a multitude of stitches dedicated quilters prefer.

### Stitch selection charts

Flip open the covers, conveniently located at eye level, to view the stitch selection charts. The stitches are grouped into four categories. Access the ten most common stitches with a single touch. Combine your stitch choices. Full feature editing allows you to manipulate their stitch width, stitch length, mirror imaging and elongation individually or all together.

### Computer display screen

Sewing should be a relaxing part of your life. The Elna 6005's technology establishes a new level of comfort. Press a key and the computer display screen reveals a font of information – stitch illustration, suggested tension, ideal foot and preset stitch width and length. Touch a key and change settings as desired. Help messages appear as needed. Adjust the backlight to maximize visibility.
