2600-2800

Caution! Habit-forming!

WARRANTY AND SERVICE: Elna's superior reputation was established in 1940 with the production of its first sewing machine. Ever since, Elna has continued to be a leading brand of home sewing and related equipment especially designed with the innovative sewer in mind. Thousands of professionals worldwide provide expert service. Millions of people have chosen Elna for its quality, performance and reliability.

Designed with you in mind

First-rate sewing equipment is essential whether you're just beginning or more experienced. You can be confident that with Elna's long tradition of superior quality and workmanship, either model - the Elna 2800 or Elna 2600 - will fit your needs and dreams, both now and in the future. From the diverse stitch package to the convenient drop-in bobbin to the foolproof built-in needle threader, you'll find these and other features invaluable.

EASY ACCESS DROP-IN BOBBIN

Full rotary hook with no separate bobbin case to misplace. And you'll always be able to see how much thread is left.

ZIPPERS, HEMMING AND MORE

With the proper foot, you'll be guaranteed the best results. A full complement is included and many optional accessories are available.

EVEN HANDLES KNITS

Stretchy fabrics require stretch stitches. Both models offer a wonderful selection.

CLEVER FIXES

Update - or mend - your wardrobe with patches, buttons, appliqués.

BUTTONHOLES

With simply the turn of a dial, both the one-step (Elna 2800) and four-step (Elna 2600) systems provide pleasing results.

DROPPING THE FEED DOG

When you want to quickly sew on buttons or do free motion work (stippling or thread painting), just move the handy lever located on back of the free arm.

QUILTING

Whatever the technique - appliqué, patchwork, crazy quilting, Seminole - these machines are up to the task. (Quilt Guide optional on Elna 2600)

FREE ARM

Easily handles circular areas like cuffs and trouser legs.

NEEDLE THREADER

A simple pull on the lever threads the needle, first time, every time.
